**Evangelism Ministry
Events**

To support the mission of the Personal Evangelism Ministry to train members to teach the lost and expose the community to the church, we have created the **OBS website**. The purpose of the OBS website is to be a resource for the Personal Evangelism Open Bible Study Class taught on Wednesday Night.

This site will provide access to pertinent information related directly to the class and will be a resource to teachers, silent partners, and members to help them study and research certain topics discussed during the course of the study.

Please visit the site at **www.gaccobs.org** and explore all of the resources and information that is available to help us go out into all the world and preach the gospel to every creature. Mark 16:15

1013 South Greenville Avenue, Richardson, Texas 75081
